Irradiated foods need to carry a prominent disclosure on the FRONT of the package.

As a member of the CSPI, I urge you to ban the use of medically useful antibiotics in animal feed. I am a physical therapist at a local hospital and want to save human lives. We need to stop aiding bacteria in being resistant to antibiotics. Please do your part. I support the petition filed by CSPI.

Thank you for your work regarding these important issues in our life, health, and country. Tricia Jacob, PT
